

## School Achievements

### Achievers of the Week

Honeywell - Samma & Elodie

Middlecott - Zanthé & Isla

Owlacombe - Joe & Molly

### **A message from Mrs McCarthy**

I've really enjoyed working with the children this week. I love my Thursdays and Fridays in the classroom - its helping me to get to know the children and they've made some lovely artwork and written some lovely creative pieces as well. We look forward to sharing some examples of work with you in the near future.

I will be running regular parent focus groups (virtually) every half term and inviting varied groups at a time to have a chance to chat and about thoughts and ideas for the school

I do enjoy seeing you all at the gate at drop off and collection but if I miss you on one of my teaching days, I am contactable via the school office and will always make myself available.

Have a lovely weekend!  
Sam McCarthy

### **ATTENDANCE FIGURES**

Honeywell - 86.09%

Middlecott - 97%

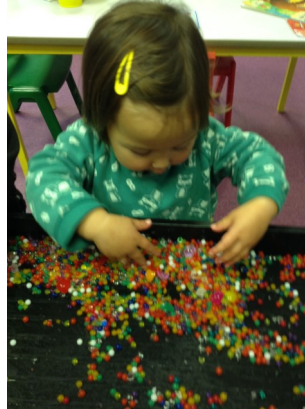

Owlacombe - 93.94%

## Important Dates

October

26th - 30th - Half Term

### **WOODHOUSE PRE-SCHOOL**

The Orbeez have been great fun and the children have had the opportunity to bond and create new friendships whilst playing.

## OWLACOMBE

This week, all children at Ilington have taken part in a workshop run by CAP UK

(Child Assault Prevention). Here is Owlacombe class practising their right to be safe, strong and free.

### **Skills for Life**

Owlacombe are continuing their Skills for Life workshops every Tuesday afternoon. They are making baskets, weaving mats and felting bags. "I am enjoying the

workshops but it can get difficult at times!" said one of the class. "I have never done anything like this before and learnt lots of new skills" said another.

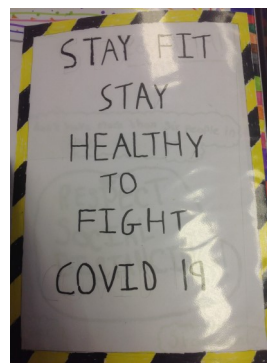

## MIDDLECOTT

Fabulous frisbee fun for Middlecott with Mr Pierce our dedicated sports specialist!

Owlacombe have been making health campaign posters as part of our Recovery Curriculum. Together we looked at the government slogans that were used during lockdown and discussed the current messages. They then made posters and came up with some brilliant slogans!

## HONEYWELL

Superheroes! We all dresses up to launch our topic on Superheroes!

### **CAP UK Workshops**

Puppets were a great way for Honeywell class to learn how to stay safe, strong and free around people they do not know.

See if your child can demonstrate the 'yell' and actions for safe, strong and free!
