

MIDDLECOTT

Middlecott have enjoyed investigating Maths this week through games and puzzles. Everyone's favourite game was called Pig! 🐷

You have to roll 2 dice and keep adding until you get to 100 but, if you get a 1, it's the end of your go and you lose your points for that round. If you roll double 1, you lose all your points and have to start from zero again!

Bella said, "I was on 56 and William was on 90 something but I still beat him because I kept going!"

Kai said, "I really liked that game! I was on 50 and got double one but still caught up with Alfie and won!"

The photos show us investigating Robot steps....

OWLACOMBE

Owlacombe have continued with their learning from last week's World Ocean Day, this week

moving on to Sea Turtle Week and Drowning Prevention Week.

They have enjoyed finding out more about the challenges sea turtles face in order to survive as well as how to keep themselves safe around water and the potential hazards they may come across. They have displayed all their learning in the classroom.

Hello and I hope you are all well.

Following the letters sent out this week, we are really excited to see other year groups getting an opportunity to return before summer (during the week of 6.6.20 for Year 4&5 and the week of 13.6.20 for Year 2&3).

Please complete the email survey, as last time, to establish expected numbers so please do respond.

For any children and families returning in a new bubble, here are a few reminders:

- Please take a look at the following links with your child before they come back to school to support us to keep standards of hand-washing and hygiene high: [e-bug](#) and [PHE schools resources](#)
- We need to ask all parents to remain off site unless by prior arrangement and please observe social distancing outside of school.
- In the event of a child becoming ill / C19 symptomatic, parents will need to be immediately contactable and able to collect your child. If you think your contact details are not up to date, please let us know via the office.
- For the last two weeks we ask that pupils attending bring a packed lunch.

Many thanks for your support with this.

Wishing you all a lovely weekend,
Lizzie Lethbridge

Hot Lunches

Please be aware that hot lunches will NOT be available from Monday 6th July - Friday 17th July. Over the summer holidays, the new menu will added to ParentPay and a reminder will go when it is ready to accept orders.

Snuggles

We are looking for a home for Snuggles the hamster for the summer holidays. If you would be happy to have her, please let Sarah know and we will pick the name from a hat.

Thank you, Mrs Moores

WOODHOUSE PRE-SCHOOL

The children have had great fun in their water kitchen, making huge bubbles with hoops, which they took great pleasure in trying to catch.

On one very rainy day, they instigated a competition, comparing the rain water they caught, to see had the most!

HONEYWELL

In Honeywell we created potions using oil, water and food colouring.

Teddy said, "If you drink mine you will turn in to a water bottle!"

We also created oil pastel pictures of fruit.

Darragh said, "We were trying to show where the light was on the fruit and the dark side didn't have light. I enjoyed it and it looked pretty."

We also drew some food showing alliteration. 'Dangerous Doughnuts!' turned out to be the favourite.
