

ACHIEVERS OF THE WEEK

Honeywell - Darragh
& Imogen

Middlecott - Anna & Alfie

Owllacombe - Tom & Megan

Well done!!

Tea Towels for sale £5.00 available
from the school office.

GoFundMe! Thank you to everyone who donated - we have hit the £2,000 mark and will be using this money to buy the laptops that will be used in the hall - great timing! Hopefully over time we will hit the £5,000 mark and all our pupils will benefit from new technology!

Mrs McCarthy's Note Home

Hello again everyone, another week has whizzed by and Christmas is beginning to make its sparkly presence felt - just creeping in around the edges.

Do take a look at the values Consultation - we really appreciate your input.

Have a great weekend and come back safely on Monday.

All the best, Sam

ATTENDANCE FIGURES

Honeywell - 86.28%

Middlecott - 100%

Owllacombe - 98%

School finishes for all our pupils at 2:00pm on Friday 18th December!

Please donate to our Christmas Give Back! We can accept food, toiletries, children's Christmas gifts which can be second hand. There is a donation box in the school reception. Thank you

WOODHOUSE PRE-SCHOOL

What a varied week we have had at Woodhouse! From making funny faces - to using 3D shapes to create barns and fences in our small world farm.

We have also been practicing respecting our friend's boundaries and inhibiting our actions.

We are very excited to have begun our Christmas preparations!

We have made some animals and house silhouettes for our amazing new stable scene!

OWLACOMBE

We have finished our stone age houses!

MIDDLECOTT

This week in Middlecott we have published our class' adventure story book. We have left it in a laminated booklet together with hand sanitiser in the school foyer, so that you can take a look over the next week or two when you are passing.

We have made some new 'friends' - the Quiet Critters! These tiny creatures like to come and sit on our tables when we are learning.

We need to be very quiet and focused when they are near, as they are very shy and don't like loud voices!

We have been scientists again this week! We conducted an experiment to investigate different materials to see if they would float or sink.

Miss Willis is really excited about the festive season. We have started to bring some Christmas cheer a little bit early by starting our story advent calendar (to ensure we get through all the stories before the end of term)!

HONEYWELL

We have been experimental with the loose parts play provision in Honeywell!

Honeywell loved working scientifically in the woods to identify and classify different mosses and lichens as part of their Woodland Survey for Plantlife Future Scientists. One child even found some very rare 'Stinky Sticta'. They all decided to plant some seeds they had carefully pulled out of some pine cones in the Continuous Provision area at school.

Observing the coke and mentos experiment in science, Honeywell came up with great explanations for what they thought was happening!
